

Our Ref: 2018-093

Date: July 2018

Subject: IT Equipment

This request asked:

1. To how many users are you planning on deploying new IT machines/equipment to over the next 12 months?
2. What is your estimated budget?
3. Name of the person in charge of the procurement of the solution/service?

The SFO's answers is as follows:

1. We estimate that the number of staff to which we intend to deploy new laptops and IT equipment to is 30.
 2. We estimate that the required budget for this would be £20,000.
 3. Ben Denison, Chief Technology Officer
