

Our Ref: 2019-028

Date: February 2019

Subject: Procurement

This request asked:

Accordingly, please could you send me, the names and contact details, including email address of any/all person(s) who are involved in the decision making-process for the Procurement of Telecoms and IT Hardware and Services for your organisation. (E.g. Procurement, IT, Sustainability roles).

Our Response:

The Senior Civil Servant in charge of the business area that includes Procurement is called Liz Corrin, but she is yet to commence work at the SFO and I therefore cannot provide you with her contact details. She is due to start in April.

The Serious Fraud Office (SFO) Chief Technology Officer is Ben Denison. His email address is ben.denison@sfo.gsi.gov.uk.
